## Upton

— Mrs. Arline Bernier, Corres. —

The mail changed over Monday to a total rural delivery and Upton is without a Post Office for the first time in many years. I have always had my mail delivered to the Post Office with the mail box for outgoing mail when it was more convenient. This system will be a new experience for me.

We got our second short-lived January thaw last week end. I went to West Stewartstown Sunday, starting out in heavy rain, and as I got up towards the Notch drove through icy rain and finally snow, which reversed as I drove to lower elevations. The roads were mostly rough with much frozen snow.

The Lucien Coutures came up one afternoon to check their camp and visit friends.

The town Ford pick-up came back from the garage in time to plow the last snow. Previously it had broken a universal joint and the driver not knowing how to fix it, walked five miles from East B Hill to the village.

## Songo Pond

— Mrs. Ralph Kimball, Corres. —

Guess the cold and stormy weather has kept most people in this week. There does not seem to be much for news; not even as many fishermen as usual.

A large husky dog has been running loose in the area dragging a long chain which became caught. He seemed quite friendly and the Jack Parsons were able to free him and take the chain off. He is still roaming the woods and pond.

Neighbors on the Crocker Pond road lost their power for several hours Saturday night. The families with nine children at Tap-A-New Keg Camp did not appreciate the inconvenience along with the others.

Robert Anderson drove the Kev. in Bean's and baby to the Norway hospital Saturday night where the baby was found to have an inner ear infection along with a virus.

Mr. and Mrs. Jesse Doyen were in Norway Monday.

Mrs. Alice Kimball was in Portland Monday for medical appointments. Her son-in-law, Steve Bean drove her. The trees and bushes through Ousfield, Casco and Raymond area were still laden with their ice coating which they have borne the past eight days. I returned home Tuesday afternoon after spending the past ten days with daughter Ethel and family and new grandson.

Mr. and Mrs. Gene Brown and family are moving into the Kenny Newell house.

Perhaps some of us miss opportunity because we are broadcasting when we should be tuning in.

(Bethel Emergency Ambulance & Rescue Service)

The monthly meeting was held Sunday, Jan. 14, at the fire station. Training included practicing C.P.R. on Recording Annie.

A work day and supper is planned for Feb. 4. All BEARS should plan to attend.

There is a Standard First Aid Course at the Children's Center at West Bethel starting Jan. 18. Anyone interested in taking the course should be present.

## Safety Tip of the Week

If you find someone who has been seriously injured, don't move them unless it's a life threatening situation unless you are trained in first aid as you could injure them more.

## West Greenwood

— Carolyn M. Colby, Corres. —

Maude Harrington attended a Tri County Aide meeting held at PRVTC in Portland on Thursday.

Robbie, Tom and Patrick Harrington visited their mother at the CMMC on Sunday along with Maude and Raymond Harrington. Janice, we are glad to hear, is able to walk around now that she has been fitted with a brace.

Teddy Reed will be returning to UMPI on Saturday following a month long semester break at the home of his parents, Mr. and Mrs. Robert Reed. Carrie Lothrop has also been their guest this week and went roller skating in Fryeburg with the family on Sunday.

## WEBELOS DEN—PACK 566

The Webelos Den of Cub Scout Pack 566 has spent the past few weeks working on the sportman award. On Friday afternoon, Jan. 5, the boys took advantage of the flooded and frozen field at the Gould ski jump at Sunday River to hold a skating party. This Friday the den will meet at Sunday River Ski Touring Center at 7 p. m. to go cross country skiing by lantern light. On Saturday they will join the rest of the Pack at a swimming outing at the Hebron Academy pool. There is never a dull moment with the Webelos Scouts!

## CARD OF THANKS

Sincere thanks for the many, many kindnesses shown me and my family while I have been in the hospital and since my return home. Special thanks to the Bethel Fire Department and to Stub and Liz. It really helps to know people are caring and sharing whether it be through cards and letters or calls of concern and offers of help.  
Thank you!

## This Week in Washington

by Senator Edmund S. Muskie

## TAIWAN

President Carter's move to normalize relations with the People's Republic of China included a decision to end our mutual defense treaty with Taiwan. The decision has sparked widespread controversy, in part because it has been widely misinterpreted.

We are terminating our treaty relationship in accordance with the provisions of that treaty. One provision allows each nation to cancel the agreement with one year's notice. We have given our notice that the treaty will end on Jan. 1, 1980, a year from now.

This decision should in no way be considered an abandonment of Taiwan or the Chinese people who live on the island.

We have made it clear to the Chinese government on the mainland that we will continue to provide Taiwan with defense weapons. We will continue the full range of cultural and business relationships which have developed over the past 20 years. We have just signed an agreement granting Taiwan "most favored nation" status, an agreement which gives Taiwan preferential treatment in trade matters.

And we have let it be known that we expect a peaceful resolution of the differences between Peking and Taiwan. If other than peaceful means are attempted, we have made it clear that such a step would violate America's interests in the Far East.

When I visited China in November, I was impressed by the Chinese preoccupation with its modernization program. The internal politics of China, and its foreign policy, both seem geared to help China achieve its "Four Modernizations," and become an industrial power by the year 2000. The Taiwan question was a lower priority for the mainland Chinese than it was six years ago when President Nixon visited the country and the Shanghai Communiqué was signed. The communiqué outlined the steps to be taken toward normalization.

Normalization has come faster than many people expected. But our government has made it clear to the people of Taiwan since President Nixon's visit that we would proceed toward full diplomatic relations with China.

Other nations, notably Japan, Australia and Canada, have taken steps similar to those President Carter announced.

They maintain relations with Taiwan through quasi-public corporations rather than embassies. And trade with Taiwan in each case has improved. Japan's trade with the island has tripled. Canada's trade has increased by more than 500%.

I see no reason why our relationship with Taiwan should not only continue, but improve, just as we expect to improve our trade ties and cultural exchanges with the People's Republic.

## Albany HUNT'S CORNER AND VICINITY

Kathy Bennett, Corres.

The month of January is half over. How time does fly! Time to be thinking about next year's garden, ordering seeds and starting seedlings.

Leah Deegan, Master of Round Mountain Grange, has returned home from Stephens Memorial Hospital, following surgery.

Rodney McAllister and Alberta White were Sunday callers at their parents', Mr. and Mrs. Albert McAllister's home.

Callers last week at the home of Hugh and Edith Stearns were: Mr. and Mrs. Albert Nutting, Mr. and Mrs. Harris Hathaway and Ivy Philbrook.

Mr. and Mrs. Michael Inman and Michelle and Andy Inman and Jason were Sunday dinner guests at the home of Mr. and Mrs. Howard Inman.

Wednesday evening Mr. and Mrs. Harris Hathaway had supper with Mr. and Mrs. Arthur Wardwell. Other callers during the week were Hugh and Edith Stearns.

Franklin Barton and Andy Jacobs went to Brownfield cat hunting on Tuesday.

Time marches on here at K-D's Acres. Each week end we get the necessary chores done; also a lot of reading. Saturday night we went to Bryant Pond to visit my folks and help them celebrate their 39th anniversary. Chris and Elton Cole were home from Portland so we had a good family party. Aunt Kay and Uncle Bill were there also.

Tuesday morning Margaret Barton, Dougie and I went to North Waterford to a housewares party given by Edith McAllister. (Welcome to the ranks Edith. I understand you recently subscribed to the Bethel Citizen.)

Other callers during the week were Jeff Barton, Rodney White, Alberta White and Meredith White, Judy James and Alicia. Have a good week everyone.

Eveline Barrett, Corres.

I haven't any comments on the weather, but I can think what I want to. To the people away, we have had everything but mosquitoes and thunderstorms. It's splendid and I haven't been out since Friday noon.

Santa Claus brought me a mail box Sunday and put it on the post. Hope Aaron Cox doesn't have to come again.

The Girl Scouts in town are taking orders for Girl Scout cookies. Mrs. Janet Cohen has finished working at Ames store.

Mr. and Mrs. David Lyons have had a telephone installed.

Eveline Barrett called on Lula Buck Wednesday.

Our former neighbor, Phillip Hyam and Mrs. Hyam will fly to Los Angeles, Cal., Jan. 16 to visit his Dad two weeks.

Lloyd Huntley was house bound a few days the past week. He was unable to open the car doors. Froze up. He did get out Sunday to go to the store.

It seems like the city folks are getting their share of snow and maybe some of ours. Illinois sure has plenty.

The month of January is half gone and I, for one, am not sorry. This kind of weather takes a lot of oil. 30° below zero Friday.

## East Stoneham

Gladys Kilgore, Corres.

Mr. Heis of North Waterford was in the pulpit again Sunday. Very few went, as it was such a bad morning. Another church meeting will be held at the North Waterford Church Sunday, Jan. 14.

Mrs. Dot Bell of Lovell, was a caller in town Thursday on several senior citizens.

Several from here attended the council meeting at North Waterford, Wednesday evening.

Albert Nelson was one of the lucky ones to receive a safety award of \$25 at the A. C. Lawrence Tannery.

Doris Files of Bethel visited her mother Friday and took her to Norway.

Mr. and Mrs. Stanwood Nelson went to Fryeburg to see a doctor one day last week.

Mrs. Brenda Gordon has returned to her home in Aurora, after spending two weeks with her mother. Her husband came for her Sunday.

My poor birds didn't know what to do in this sleet storm. Only the bluejays made it to the feeders. Their feathers looked wet and frozen.

STATE OF MAINE  
HOUSE OF REPRESENTATIVES

Karen L. Brown

The first session of the 109th  
Legislature is off to a slow start.  
The Maine Constitution now lim-  
its the first session to 100 legis-  
lative days. In order to meet this  
deadline the low level of activity  
will have to change.

This week on the legislative  
calendar, the leadership proposed  
changes in joint rules, believing  
that they would be quickly adopt-  
ed by both houses. However, the  
Senate and House of Representa-  
tives could not agree. After many  
amendments and much debate,  
causing further delay, the joint  
rules were adopted with minor

seals. Leona Lurvey was presented  
ed a 25 year certificate.

changes. One change reduces the  
number of legislative committees  
from 22 to 19. Abolished were  
the Liquor Control Committee and  
Human Resources Committee. En-  
ergy and Natural Resources Com-  
mittees have been combined; Per-  
formance Audit has been renamed  
Audit and Program Review. Vet-  
erans and Retirement becomes Ag-  
ing, Retirement and Veterans in  
the new committee reorganization.

The Republican leadership will  
screen all legislation considered by  
the 109th Legislature for potential  
inflationary implications. The pur-  
pose of this program is to make  
legislators and the public aware  
of the inflationary hazards that  
can go unnoticed in legislation.

An example of bills which might  
be considered to have hidden in-  
flationary factors are those which

Another stormy week end: sev-  
en or eight inches of snow fell  
during the night Saturday. Monday  
morning clear and cold, tempera-  
ture about 4° above zero. All the  
trees are still coated with ice from  
the sleet storm we had earlier this

month. The State and town road  
crews have been kept busy plow-  
ing, salting and sanding.

Mr. and Mrs. David Luxton are

You might be able to save money  
on your electric bill with CMP's  
Time of Day Rate.  
Read this ad to see if you qualify.

If you use more than 6,000 kilowatt-hours  
of electricity a year in your home, you may be  
able to save money on your power bill by getting  
in on CMP's new residential Time of Day rate.

**When you use electricity  
determines how much  
you'll pay.**

Under the new residential Time of Day  
rate, you're billed not just according to how  
much electricity you use, but when you use it.

That way, all the electricity you use  
between 9 o'clock in the evening and 8 o'clock  
in the morning weekdays and on the weekend,  
will cost you less than the electricity you use  
between 8 o'clock in the morning and 9 o'clock  
in the evening during the week.

This cost difference is an incentive for you  
to shift your heaviest use of electricity from the  
daytime to the evening hours.

When you do this,  
you help CMP hold down  
generation costs. And this  
gives you an opportunity  
to control the size of your

monthly bill based on the time you use the  
most electricity.

**How to find out if you  
qualify.**

1. You must use at least 6,000 kilowatt-hours  
of electricity a year. To find out if you do, add  
up the number of kilowatt-hours you used  
during any twelve months. You'll find the  
number of kilowatt-hours you used during any  
single month listed in a box at the top of your  
power bill.

2. You must live in a single family home or an  
apartment house where there is a meter for  
each apartment.

3. The Time of Day rate program is limited to  
the first 2,000 residential customers who  
qualify, and implementation of the program  
depends on availability of the special meters

required. Qualifying customers will be selected  
on the basis of date of application.

4. The Time of Day rate is not for everyone.  
In order to save money, you'll have to shift a  
major portion of your use of electricity to the  
nighttime hours and weekends on a continuing  
basis.

**How to get things  
started.**

Fill out the coupon below and mail it to us.  
We'll mail you a Time of Day rate brochure.  
The brochure will provide you with the infor-  
mation you need to determine whether the  
Time of Day rate might be right for you —  
according to the kinds of appliances you use  
and the way you use electricity. The brochure  
includes a personal meter reading record and  
an application.

After we receive your completed applica-

tion, we'll contact you for  
a personal interview. Be  
sure to include your CMP  
Account Number, which  
you'll find at the lower  
left-hand corner of your  
monthly bill.

Please send me the Time of Day brochure. I'd like to find out if I qualify to participate in  
the Time of Day rate program. I understand that this request in no way obligates either  
me or Central Maine Power Company.

Letters to the Editor

To the Editor:

My family and I, being fairly

new part-time settlers in the Bethel

area, have tried and so the-

roughly enjoyed becoming fami-

liar with what this lovely area of

Maine has to offer.

Our very dear friends, Bea and

Cecil Conrad, had told us about

the Nativity Scene scheduled to

take place on the Bethel Common.

Very fortunately our departure

that Sunday was detained, and we

found ourselves in the midst of

the most lovely, unpretentious

Christmas Scene we had ever wit-

nessed. We were touched by the

beautiful simplicity. A feeling of

calm prevailed. It is truly a scene

that will stay with us for years.

My heartfelt thanks for a very

memorable event to Sue Farrar,

Lyn Bristol and all those involved

in the preparation and production.

## EDELWEISS SHOP WELCOMED

continued from Page One

The same theme has been in the

minds of the Waterhouse's for

some time. Since 1963 when they

bought a plot of land at Mt. Ab-

ram to eventually build a chalet

which they started in 1975, the

"Edelweiss" wine and cheese shop

has been a steady but distant

image in their vision of a future

life in the Bethel area. Details and

additions to the basic idea for this

type of shop grew largely from ex-

ploring many similar shops while

traveling from their former East

Granby, Conn., home. However,

for Dick Waterhouse, the idea al-

so included a goal of returning to

Bethel which he had left with his

parents in 1941.

Inside, "Edelweiss" reflects the

care and attention derived from

nearly ten years of planning as to

the selection of stock, its refresh-

ing appeal to the browser and its

uncluttered, rustic interior layout.

A visitor familiar with Boston,

Hartford or the Georgetown sec-

tion of Washington, D. C., should

feel right at home. Besides a var-

ied stock of imported and domestic

wine, beer and cheese including

a number of Canadian favorites all

displayed in rough sawed lumber

racks, the shelves hold many hard-

to-find specialties. These include

such items as: Twinning Tea, En-

glish jams, marmalades and jellies

—jellied mint for instance—spices

and caviar. One can find both left

and right handed spatulas, individ-

ual hand cranked coffee grinders

good for atmosphere or for grind-

ing some of the special "Edel-

weiss" blend coffee, all according

to the local climate.

Another feature which is just

being unpacked is Sheila Water-

house's doll collection that will

be exhibited in the store, adding

a very personal touch.

Response from local and motel

guest shoppers has been very

pleasing so far according to the

owners. Knowing from first hand

experience as chalet owners what

the seasonal visitor wants "Edel-

weiss" owners hope to provide a

shopping selection that can be-

come a valuable alternative in the

Bethel market.

ANDOVER SELECTMEN MEET

—NOMINATION PAPERS

AVAILABLE FOR TOWN OFFICE

The Andover Board of Select-

men met in regular session on

Tuesday evening, Jan. 9, at the

Town Office.

Nomination papers for the fol-

lowing Town Officials are avail-

able and must be returned to the

Town Clerk by Feb. 15. Selectman,

Assessor and Overseer of the

Poor (3 year term); Town Clerk

(3 year term); Treasurer (3 year

term); Tax Collector (3 year term);

Road Commissioner (3 year term);

Fire Chief (1 year term); S. A. D.

Director (3 year term).

In addition to these officers, three

members of the Assessors Advi-

sory Committee are to be elected

at the regular Town Meeting on

March 10. One member will be

elected for three years, one for

two years and one for one year.

Nomination papers are also avail-

able for these positions.

The Town Clerk, Treasurer and

Tax Collector, Laura Hutchins, met

with the Selectmen and Town Au-

ditor, Merle Ring, to discuss book-

keeping procedures and to turn

over the town books to Ring for

his annual audit.

The bid for printing of the

town report was awarded to Pine-

wood Press, Canton.

## EXERCISE

## Young Life News

The local Bethel (S. A. D. 44) Young Life work is in great need of Committee representatives from this area. Concerned and committed citizens are a vital part of all successful Young Life ventures. Folks are needed to aid in budgeting, fund raising, public relations, and mission advance.

Over the past year Young Life has demonstrated a unique way of understanding today's youth with remarkable results in your area. We believe your young people need what Young Life has to offer.

They wish it to continue. Do you?

Please come to an open meeting at Telstar Regional High School, Room 212, at 7 p. m. on Jan. 18. A film called "What is Young Life," will be shown. — Oxford County Young Life Co-Chairman, Howard Munday, Vice Pres., Cornwall Trail, South Paris, Robert Murch, Pres., Murch, Inc., South Paris.

**M. S. A. D. #44 PROGRAM IN ADULT & COMMUNITY ED. BEING READIED FOR SPRING**

The final touches are being put to the spring schedule for the M. S. A. D. #44 Adult and Community Education program. Many of the same courses continued during the fall will be continued because of citizen interest. Subject to approval by the M. S. A. D. #44 Board of Directors, some new classes will also be offered.

These will include a series of five seminars on "Child Abuse and Neglect." The seminars will be instructed by Phyllis Dock who will present filmstrips and invite resource people to discuss the following topics: A crippling disease; Discipline vs. Abuse; Who is the abuser—who the abused?; How can we tell; Treatment and Prevention. The seminars will be on Monday evenings at 7 o'clock starting Feb. 26 at Telstar, Room 102.

An increasing demand for day-time courses has resulted in the scheduling of Yoga and a Parenting class, both to be held on Thursday mornings at the Congregational Church, starting Feb. 29. These courses will also be available during the evening at Telstar — Parenting on Wednesdays and Yoga on Thursdays.

Karate, a popular class a year ago, will be returning and will be held in the Woodstock Gym. Taught by Randy Baker, this class begins on Feb. 28 and will run for six Wednesdays from 7-9 p. m.

A number of individuals have expressed interest in learning more about flying. Since there is a group of local people who are experienced pilots, and an airport is located in Bethel, a course will be offered on Tuesday evenings led by Ken Smith and John Mason.

Finally, a community musical production under the direction of a professional director is planned for the end of April. Those interested will soon be asked to indicate areas in which they would like to be involved. Forms will be provided, and help will be sought for advertising, selling tickets, costumes and make-up as well as music and performing. This will be the first effort of its type in a number of years in Bethel and promises to be an exciting endeavor.

The final schedule of all courses will be published during the last week of January. Registration will take place on Feb. 13, 14 and 15 at Telstar during the evening. More information is available from Marie Wilson, Director of Adult and Community Education, at Telstar (phone 824-2136).

## EXTENSION SERVICE SPONSOR STANDARDIZED PROGRAM

An organizational meeting for a Standardized Program on raising the race horse broodmare and yearling will be held at 7:00 p. m., Jan. 25 at Luther Bonney Auditorium at the University of Southern Maine, Portland.

Subjects will be on obtaining a broodmare, picking a sire, how to earn money with a horse project, the job and duties of drivers and trainees.

Moderator will be Loring Norton, President of the Maine Standardbred Owner and Breeder Association.

For more information contact Jack Donovan at the Cooperative Extension Service (780-4205).

## DIRIGO COUGARS AVENUE EARLIER LOSS TO TELSTAR

Dirigo gained revenge for an early season loss to Telstar with a 60-53 interdivisional MVC basketball win Tuesday night over the Rebels on the loser's court.

Telstar took a 39-35 lead into the fourth quarter, then the foul line told the story. Each team sank seven field goals in the final frame, but the Cougars went 11 for 16 from the line while the Rebels were only two of eight.

With Dirigo leading 57-51, Telstar missed six straight free throws to bow out. Steve Nash was the key to Dirigo's success at the line, going five for six in the final quarter and seven for eight in all. In all, Dirigo held a 20-13 edge from the line for the victory margin.

Telstar turnovers were telling in the first half, which ended with the Cougars on top 25-24.

Gary Nash finished with 20 points to spark Dirigo while Steve had 13. Mark Kendall played an outstanding game in the losing cause, knocking down 24 points, while Bob Seames added 12.

Dirigo, now 8-3, and near the top in Western Maine Class "C", visits Maranacook in its next game on Friday while Telstar, 3-8, travels to Jay.

## DIRIGO LASSIES SCORE 80-23 WIN OVER TELSTAR

Becky Knowles collected 28 points Monday night as visiting Dirigo rolled to an 80-23 MVC girls' basketball win over Telstar.

The Dixfield squad jumped out to a 17-6 lead after the first quarter, then eased along to its tenth win of the season against a single loss.

Other top scorers for Dirigo were Kim Schmitt with 17 and Tammy Clark with 10. Pam Bean was top scorer for Telstar with 10, and Tanya Hathaway added four.

## CARNIVAL PARTICIPANTS IN 1930'S

With the Greater Bethel Chamber of Commerce preparing for their 1979 winter carnival it's possible that the publishing of this picture will help to create a little

interest. Contributed by Mrs. Stanley Wentzell, a long time resident of Bethel, who now winters in Florida and spends her summers at Songo Pond, the picture shows a

group of boys and girls who spent a fun-filled Saturday in the early 1930's at the Wentzells on Mason Street participating in Erland ("Hoody") Wentzell's Winter Carnival.

## FRYEBURG EDGES GOULD 58-56 IN FINAL SECONDS

A 10-foot jump shot with two seconds to play Tuesday night gave visiting Fryeburg Academy a dramatic 58-56 basketball victory over Gould Academy. The Raiders thus avenged an earlier 58-40 loss to the Huskies.

Fryeburg, now a Class "B" team, found itself trailing 39-28 at halftime to the Class "D" Huskies. The visitors outscored Gould 19-8 in the third quarter to tie it at 47.

Gould missed a bunch of free throws in the fourth quarter to pave the way for the Fryeburg victory.

Guard Doug Guilford poured in 20 points to pace the Fryeburg attack. Chris Whitaker followed Guilford with 12 points and Dave Littlefield had 11. Six foot forward Dave Berry paced Gould with 23 points while Keith Bartlett added 12 and Jim Grimes 10. Ironically, the decisive basket by MacFarlan was his only hoop of the game.

The Huskies record falls to 4-3 going into Saturday's home game against Carrahe.

## HANOVER AIRMAN COMPLETES JET ENGINE COURSE

Airman Recruit Michael G. Gionet, son of George B. and Mary L. Gionet of Route 2, Hanover, Maine, completed the basic Aviation Machinist's Mate Jet Engine Course with honors.

During the five week course at the Naval Air Technical Training Center, Millington, Tenn., students received introductory instruction on the characteristics and operating principles of jet engines. Their studies included engine lubrication, ignition and fuel systems. Additionally, they studied the procedures for refueling and defueling aircraft; for removal and installation of aircraft engines and for the operation of aircraft ground handling equipment.

He joined the Navy in June 1978.

## HOME EXITS SHOULD BE FREE OF SNOW — SAYS STATE FIRE MARSHAL

Residents could be trapped in their homes in the event of a fire—if they have not removed snow from doorways, the State Fire Marshal said recently.

"With the excessive amount of snow we've had, homeowners are urged to clear all snow from storm doors so there may be a maximum means of escape if there was a fire," said Donald M. Bisset, State Fire Marshal, Maine Department of Public Safety.

Bisset said some residents are leaving the front door area blocked with snow, explaining that if there was a fire in the kitchen area, for example, family members might be blocked from other means of escape.

The State Fire Marshal cautioned citizens to keep all homeowners doorways cleared, especially during winter when many homes have storm windows that cannot be easily removed for escape in the event of fire.

## MISS COUSINS IS MEMBER PLYMOUTH COLLEGE SKIERS

Carolyn Cousins, daughter of Mr. and Mrs. William Cousins of Bethel, has returned to Plymouth State College in Plymouth, N. H. after a Christmas and mid-semester break. While home from school Carolyn worked at the Sunday River Ski Touring Center as a shop employee and ski touring instructor. A member of the Plymouth State women's cross-country ski team, Carolyn also spent time training for the upcoming race season while she was working at Sunday River. She returned to Plymouth two weeks before the new semester officially begins to continue intensive training in preparation for intercollegiate ski racing in February.

ALIENS REMINDED OF  
REQUIREMENT TO REGISTER

A. A. Poulin Jr., District Director of the Immigration and Naturalization Service reminds all aliens in Maine who have not yet filled out alien address report forms, to do so before Jan. 31, at the nearest Immigration and Naturalization Service office or local Post office.

The Immigration official pointed out that the law requires all non-citizens, except persons in diplomatic status and foreign representatives to certain international organizations, such as the United Nations, to report their addresses to the government each January.

Mr. Poulin added: "The parent or legal guardian of an alien child under 14 years of age must fill out the address report form for such a child in order to comply with the law."

He declared: "We have tried to make it as convenient as possible for non-citizens to meet the address report requirements; and, in view of serious penalties for willful violation, all persons subject to the address report law are urged to fulfill this obligation before the end of January."

Mr. Poulin advised: "It is easy for an alien to meet this requirement. He just goes to the nearest Immigration and Naturalization Service office or post office, fills out the address report form, and returns it to the clerk. Any non-citizen who is ill may send a friend or relative to obtain the card for him, place a stamp there on and mail it after it has been completed by the alien."

The Immigration official said that 18,000 aliens in Maine already have filled out address reports. He estimated that more than 21,000 such reports will be submitted before Jan. 31, 1979.

At this time, all aliens in the United States as well as any prospective employer of an alien who is in the United States, are also placed on notice that the issuance of a Social Security account card to an alien is not evidence of legal permission for the alien to be employed in the United States. As a general rule, only those aliens who have been lawfully admitted to the United States for permanent residence (lawfully resident immigrants) may work in the United States. Under certain emergency conditions aliens who have been admitted for a temporary stay in the United States (non-immigrants), and who have been granted specific authorization in writing from the Immigration and Naturalization Service, may work in the United States.

Any other alien found working in the United States in violation of law is subject to penalties established by the Immigration and Nationality Act, including enforced departure from the United States.

In view of the concern expressed by national and state leaders on the need to provide more job opportunities for the unemployed, including returning veterans, any prospective employer having ques-

## Financing Important to Seller

Financing the purchase of a home is not only a problem for the purchaser—it is also a problem for the seller—because in days of tight money, if the prospect can't get financing—there's no sale.

That's why it is so important for the seller to list his home for sale with a REALTOR. If anybody knows how to get mortgage money, he does. He solves that problem every day because he has the knowledge and contacts to help the buyer find the money he needs. He works closely with many financing institutions, knows their requirements and methods. He may know a private local lender who might be interested in a period of tight money, es-

pecially, he knows best where to look and alternate methods of tying together a satisfactory financial package.

For example, he might suggest that the seller take back a mortgage. This is called a purchase-money mortgage that the seller extends to the buyer in order to make the sale possible if the buyer cannot raise sufficient cash. When money is really tight, it is sometimes the only way to complete a sale.

If there is anything we can do to help you in the field of real estate, please phone or drop in at EARLY REAL ESTATE, 60 Main St., Bethel. Phone: 824-2122, 824-2579. We're here to help!

Mrs. Leon Verrill attended the funeral of Susan Morse Geel.

## WALKING WITH JESUS CHRIST

Seed catalogs are sprouting from print presses everywhere—to arrive in time for seed selection and delivery—for indoor planting and of course for outdoor when the frost leaves the ground—providing the snow melts.

Most of the seeds will germinate into beautiful flowers and delicious vegetables—weed seeds already in the ground will also develop and grow to overcome the good seeds and plants.

God uses the word seed—the book of Luke: eighth chapter, speaks of garden seeds but it really means Bible words and verses spoken to people—where they are to be received and that person will develop into a child of God and a credit to his family.

To grow good fruit, one must plant good seed and nourish it, a child needs God's love and His word planted in his mind and heart. We see many people today who have had seeds of discontent and strife sown—just as the weed seeds that grow into problems.

God says in Galatians 6 and 7: "Let him that is taught in the word communicate unto him that teacheth in all good things"—"be not deceived; God is not mocked; for what-so-ever a man soweth, that shall he also reap."

"The Words of the Bible—as seeds, must be planted early in a child's life—for the Lord is strict to say in Ephesians 5 and 6—that a family must read and pray together—Dad has the greatest responsibility—so Dad it's never too late, for you and Mom will also benefit—God says so! The Book of God is a good starter.

Read and pray for God will surely bless you.

Most People Don't Know  
One Doctor From Another

We live in a very complex world these days. There are experts who specialize in almost everything. A prime example is what has happened to the health care field. How many people do you think can correctly identify the following healing professions. Try it yourself.

Obstetrician, pediatrician, podiatrist, urologist, internist, cardiologist, neurologist, neurosurgeon, general practitioner, gynecologist, ophthalmologist, optometrist, doctor of chiropractic, dentist, orthopedist, osteopath, proctologist, psychiatrist, otolaryngologist, allergist, orthodontist, psychologist, psychoanalyst, diagnostician, anesthesiolo-

gist, gastroenterologist, dermatologist, radiologist.

If you were only able to define less than half of the above, don't feel badly, you are like 80% of the people in this country today.

With more and more research being done and more and more concentration on various organs, functions and diseases of the body, there has been a tendency to splinter the healing arts profession into very narrow, concentrated disciplines.

While this has had its benefits in terms of specialized treatment, it has also given rise to some very basic problems.

What happened to the "good old family doctor"? Who is the point of entry physician? Where does a person go for primary diagnosis?

The average person doesn't have the answer to those questions. As

a result, the patient often tries to diagnose his or her own health problem and match it up with a specialty. Often, of course, the patient is wrong and therefore goes to another or several others before finding the one educationally specialized to treat the problem.

This tends to clog physicians' offices with a traffic of people they can't treat, depriving regular patients of time. And it doesn't do much for the ill persons either—in that visiting doctors costs money. And nobody likes to spend money without getting the service he or she needs.

The public is confused. And even worse, many people who need treatment either put it off or just don't bother to get it, because they don't know where to go.

On one hand you've got science

and research working for you to offer more effective treatment, while on the other hand, confusion and the cost of health care tend to work against the sick person seeking it out.

Certainly the conscientious health practitioner is not at fault. Over-specialization, along with negligence on the part of the sciences to communicate to the consumer, is. We need a greater awareness as to who does what. Perhaps a catalogue of professions and what they do should be made available to every family. Perhaps definitions of the professions should be taught in school, so that children grow up knowing the various health professions and what they can best treat.

It would be impossible in this short article to define all the specialties. However, for the sake of

your health and well-being, some of the primary members of the health team are defined. Any of the below are trained and qualified to diagnose a health problem within their scope of practice and make proper referral if the condition dictates it.

The Dentist—The men and women of this profession devote special attention to the care and repair of human teeth and treatment of related diseases.

The Optometrist—The health care professionals who specialize in the examination, diagnosis and treatment of conditions or impairments of the vision system.

The Podiatrist—He or she is a healing art specialist who studies and treats disorders of the feet.

The Medical Doctor—There are numerous specialties, including

surgery, in this science and art of preventing, alleviating or curing disease.

The Doctor of Chiropractic—The men and women of this profession emphasize the structural and functional integrity of the body, devoting special attention to the spine and nervous system in the treatment of health problems.

## German Diary

by Ann Morton

Garmisch - Partenkirchen has many attractions besides skiing, as we discovered. Our friends the Coffins from Berlin suggested a walk through the Partnach Gorge and up into the high meadows one day. Dave and I got the children on the train to the Zugspitze to ski, and we began our walk.

The path through the gorge was cut out of the rock walls; at times we walked through tunnels and under enormous icicles. Hundreds of feet above us we saw a small footbridge, spanning the gorge. After a half-hour climb up a zig zag path, we were on that bridge looking back down at the river. We continued climbing for another half-hour until the meadows and a chalet in the distance appeared: our goal, the Partnach Alm.

We walked into a large warm room lined with elk and goat horns, stuffed fauna, old family pictures and small wooden tables adorned with checked tablecloths. In one corner near the large tile heater sat the proprietor, his wife, sister and brother-in-law enjoying glühwein and German beer. They smiled a welcome, and we spent a couple of hours with them having our lunches of gulaschsuppe and sausage with sauerkraut. Dessert was a delicious apfelkuchen which the proprietor had made that morning. As we finished our meal, he started playing the zither, and his son accompanied him on the guitar. Dave took some pictures of the group, and they asked him to send them a print after the film is processed. As we prepared to leave, the rest of the family came out of the kitchen (including Grandpa in his knee pants, heavy stockings and sweater) to shake our hands and say "auf wiedersehen." The son followed us outside, waving and calling to us as we started our descent to Garmisch.

The place was so charming that we took the family there for lunch on Christmas day; it was the kind of untouristy place that many visitors never see. We hope to return in July to see the meadows and deliver the pictures that Dave took.

Walking paths lead all over and around the town and hillsides. We walked for miles some days discovering beautiful homes, small lean-tos occupied by goatherds and tucked away on the mountainsides, the Olympic Bobsled course or a lake dotted with skaters. The German people enjoy walking, and all ages were undaunted by steep, icy paths. Give them a cane and a handrail and octogenarians with rony cheeks could go anywhere.

One evening we attended a figure skating exhibition at the Olympic Ice Stadium. We were delighted to see the United States Pairs Champions, Toi Babylonia and Randy Gardner perform along with others nearly as talented. About one-third of the stadium was lined with seats, and the rest of the spectators paid to stand through the program. We were fascinated by the two-hour performance by over twenty young skaters. We are sure to see several of them in future international competition.

An afternoon spent at the Wellenbad Schwimmhalle gave us a chance to swim in a huge wave making pool which reminded us of swimming in the Atlantic Ocean off Florida. For contrast, we swam out through a gate to the outside pool. It was cold, but after jumping out for a snowball fight and a brisk rub-down with snow, a dive into the water was delightfully warm. In the distance we watched skiers and hang-gliders and enjoyed the Alpine scenery as we swam.

Just before Christmas we went to the town of Oberammergau and had an opportunity to see the Passion Theater and go backstage to see the scenery and costumes. During a plague in 1633 the townspeople promised to enact the last week of Christ's life every ten years if their lives were spared. Apparently no more deaths occur.

## SENIOR CITIZENS MET JAN. 10 AT ODD FELLOWS HALL

The Senior Citizens met at the I. O. O. F. hall for their regular meeting Wednesday, Jan. 10. It was opened in form by President Muriel Faudi. The Lord's Prayer in unison was given. All officers were present.

The secretary's and treasurer's reports were read and approved. The membership cards for this year are now available. The president introduced three guests: Russell Thompson, a travel agent for AARP; Lynda Haegle, an Outreach worker from the South Paris office who spoke on projects for the elderly; and Stanley Howe, curator at the Moses Mason House Museum.

Cora Bennett gave her get well report: cards to Helen Berry, Leona Curtis, Dot and Burton Abbott, Cora Bennett, Locke Mills, Darlene Coulombe, Carla Bennett, Ruth Grover, Stella Moore and Rena Abbott.

A donation to Telstar Regional High School toward band uniforms was voted.

Cora Bennett delivered 18 baskets to shut-ins in time for Christmas from the Senior Citizen group.

Elizabeth Lord, legislative chairman, spoke regarding letters to congressmen when needed and that red tape be used less.

Carolyn Brooks invited everyone to attend a lecture at Gould Academy on "a circumnavigation of the globe" with Nick and Nancy Litchfield, former teachers at Gould who have just returned from a trip around the world.

There were 79 seated at the tables. A delicious beef meal was served by the staff with everything that went with it plus various kinds of pies. Ranaid Stevens gave the blessing. Those seated at the head table and observing their birthdays were Muriel Faudi, Gladys Cross, Leona Curtis, Edith Coolidge, Merna Allen and Stella Howe. The birthday cake was furnished by Ernest and Ina Mundt and Sylvia Luxton, cut and served by Carolyn Brooks and Elizabeth Lord.

The guest book was circulated by Maud Danforth. A happy new year card was read from Bethel Lodge #97. Thank yous from Lola Forbes, Maggie Lowell, Leona Curtis, Madge Vogt and Rena Abbott were read. Muriel Faudi expressed thanks for her Christmas corsage. Rena Abbott observed her birthday on Jan. 14. Cards were sent by members.

The next meeting will be held Feb. 14 at Mt. Abram Lodge. An exchange of valentines is on the agenda. Each member is to bring one.

Stanley Howe showed slides of long ago of famous homes on Broad Street, including the Moses Mason House. It was interesting and was enjoyed by all.

red, so the villagers have kept their pledge ever since. In 1980 about 1200 of the town's 5000 people will perform the eight hour pageant three times a week to an audience of 5000 daily.

That day we also visited Linder Castle, the favorite hide-away of Ludwig II of Bavaria, and the Ettal monastery, which was founded in 1350. These incredible sights are too beautiful to be described. Pictures of them seem unreal until we were actually there to see for ourselves. Winter storms prohibited us from seeing them at their best, so another trip there is also indicated.

For those of you who might wonder how Santa Claus tracked us down in this faraway place, I will set your mind at ease. On Christmas Eve we left out our leather-topped boots and by morning they were filled with treats and some typically Bavarian items.

## A Century Ago

— From The Oxford Democrat — January 14, 1879

Our village was shocked by the report that Mr. Robins Brown, of the well-known firm of D. F. Brown & Co., was found dead in their tannery Thursday morning. He left his house about 7 p. m. Wednesday, and went directly to the bark house, where he was found suspended by the neck about twelve midnight. He had been unwell for several days, but nothing unusual was noticed in his appearance. He was one of our most worthy citizens, and leaves a wife and three sons, to mourn his loss. He was an earnest worker in the temperance cause, and for several years conducted the Juvenile Temple with marked success. He was also a worthy member of the I. O. O. F. and a member of their relief Association. Scarcely had we recovered from the shock of the early morning before the sad intelligence that Mr. John Temple (who married a sister of Mr. Brown and lived near him) was killed by a falling tree. Mr. Temple and Mr. Albion Chapman were cutting birch for spool strips about two miles from the village, near Mr. Abial Chandler's (your correspondent C). He left home in the morning (after being informed that his services would not be needed at his brother-in-law's) for the camp, and prepared the dinner, and after partaking of it, he was relating the circumstances of Mr. Brown's death to Mr. Chandler, which detained him a few minutes, when he followed to the place where they were chopping, and a tree which was falling at the time struck him on the head and killed him instantly. ## Northwest Bethel

— Clarice Gibson, Correspondent —

This week we have gone from freezing rain a week ago Monday to the coldest day of this winter—and a very poor week end comprised of snow and a misty what! Rain-sleet-and fine snow!

Wednesday, I drove down to my folks, Mr. and Mrs. George Allen's, in Norway and went through Hunt's Corner. Going through some of the stretches without houses, one could almost imagine themselves suspended back in time. Looking out through the woods and fields one could see unbroken fields of white. I would not have been surprised if I had seen a horse drawn sled racing once more across these fields when people went over this same way to get to Church or the Grange Hall. The trees, especially evergreens, were bowed down with their weight of snow which had taken shelter on their boughs before making its last drop to earth. The other trees, mostly were encased in ice, from Monday's storm. I went through at 10 o'clock and the sun was shining on these limbs, making, as the song says, "A Winter Wonderland." Enough ice had melted on some limbs to form a tiny drop of water giving the appearance of a sparkling tear-drop.

Debbie Seames had to go down Friday evening to outpatient at Stephens Memorial Hospital to have her knee x-rayed after a fall at her home earlier. The x-rays showed torn ligaments and water on the knee.

The Dick Angevine family went down to Dixfield, Jan. 14, for the 92nd birthday of Dick's grandmother, Mrs. Rena Abbott. Sue took down a cake. Mr. and Mrs. Ernest Angevine and Betty Blake also went Sunday and took the ice cream.

Pat Anderson and boys, Mrs. Sally Hannon and Amy, and Mrs. Mackie Chapman and Vince have been enjoying themselves, cross-country skiing.

Mrs. Homer Smith and Andy went to Berlin shopping Saturday. Mrs. Sylvia Benson stayed overnight Wednesday with her mother, Mrs. Alice Foss, and sister, Mrs. Judy Small and family, Hebron.

Sunday dinner guests of Mr. and Mrs. Frank Benson were Bradley Benson and Fern, Norway, and Andy Benson, Bethel.

Mary Chapman, who is visiting her sister, Kathie, in Jacksonville,

Mr. and Mrs. Victor Coolidge went to The Town and Country, Gorham, N. H., Jan. 6, for supper.

Judy Coolidge went Monday to visit her grandmother, Mrs. Rena Abbott, Dixfield.

Mr. and Mrs. Roland Glines got a poodle puppy, Schatzky, which is German for sweetheart.

Sally Hannon and Sheri Angevine, daughter of Mr. and Mrs. Dick Angevine, went Saturday to Rumford, to watch a gymnastics meet.

Monday, Jan. 8, Mr. and Mrs. Robert Stearns, went to Portland jetport to pick up Robert's aunt, Mrs. Vivian Barlow. On the way down Bob and Joyce stopped into Jordan's for their supper.

Jan. 5 to 9 Mr. and Mrs. John Laban and family had as guests, John's sister, Mrs. Gretchen Wilson, Waterville, and two daughters, Susan and Heather, from Yankton, S. D. Also Gretchen's eldest daughter, Katrine, and new husband, Curt Herrholt, also of Yankton, S. D. All went skiing Sunday and Monday at Sunday River and the newlyweds had a brief honeymoon at Bethel Inn.

Tuesday my sister, Iva Holden, came for a visit and Thursday was very pleased to have Maureen Swain drop in.

## WINTHROP 71-44 WINNER OVER TELSTAR BOYS FRIDAY

Host Winthrop breezed to a 71-44 MVC basketball triumph last Friday night over Telstar. The victory gives the Ramblers a 6-4 record while the Rebels fall to 3-7.

The taller Winthrop team dominated the boards, outrebounding Telstar 80-46. Telstar actually outscored Winthrop 12-11 in the second quarter to cut the Ramblers' halftime lead to 29-19.

Winthrop, however, keeping fresh bodies in the game throughout, erupted for 23 points in the third stanza to put the game away.

Chris Williams knocked down 17 points to lead all scorers for Winthrop, Greg Scott with 13. Tim Myers and Mark Kendall led Telstar with nine points apiece.

## A Loving Word

Take time to speak a loving word Where loving words are seldom heard;

And it will linger in the mind, And gather others of its kind.

Till loving words will echo where Erstwhile the heart was poor and bare;

And somewhere on thy heavenward track, The music will come echoing back.

And flood thy soul with melody, Such is Love's immortality.

On Jan. 8 Mrs. Marie Nuppula, Miss Doty Lang and Mrs. Alexan- dra Cronin helped Mrs. Margue- rite Emerson celebrate her 60 plus birthday with a morning coffee at her home.

Walter McHugh, Farmington, visited his sister, Mrs. Paul Nevel a few days, after being a patient at Franklin County Hospital in Farmington.

Mr. and Mrs. Floyd Emerson Jr. and Katherine of Newton, N. H., visited his parents, Mr. and Mrs. Floyd Emerson Sr. over the week end.

On Thursday, Jan. 18, there will be a meeting at the Andover Pub- lic Library of the trustees and fi- nance committee.

Graydon Campbell is a patient in Room 163 of the Central Maine Medical Center, Lewiston.

Arthur Myhrall Sr., is a patient at Stephens Memorial Hospital in Norway.

This February and March, a ten- nis instructor will be coming to Andover to give tennis lessons to anyone interested, ages 10 and up. It will be an eight week course meeting one night a week. The course will include rules and in- struction on how to play the game. The one night a week will be di- vided up into groups. Ages 10 through 12, 13 to 16, and ages 16 through 19, and 19 to ???. Times may vary. The night has not been definitely decided on at this time but it may be Wednesday. The An- dover Elementary School gym has been opened for use. A small fee may be charged for the cost of the instructor to travel back and forth.

The larger the group the less it will cost for the lesson. It has been estimated at 50 cents a les- son or \$4.00 for the eight weeks. For more information call 392-2231 or 392-4587, ask for Charlie Jaros or Leon Dunn. It is necessary for you to call by Jan. 20.

## Andover Ladies Aid

On Wednesday, Jan. 10, the La- dies Aid of the First Congrega- tional Church of Andover held their annual meeting and lunch- eon. The present slate of officers will serve for another year: Pres- ident, Dolly Jones; 1st Vice Pres- ident, Marion Bodwell; 2nd vice president, Margaret Learned; Sec- retary, Thelma Clark; Treasurer, Gertrude Percival. The next meet- ing will be on Wednesday, Feb. 21, at 1:30 p. m. at the home of the president, Dolly Jones.

Following is a list of Ladies Aid food sale committees and dates for 1979. Feb. 10, Jean Dunning, chairman, Jerry Marston, Frances Poor, Roberta Learned; March 10, Thelma Clark, chairman, Josephine Poor, Alma Hewey, Margaret Learned; April 14, Betsey Miker, chairman, Evelyn Wuori, Dorothy Mills, Bertha Summerton; May 12, Evelyn Bell, chairman, Violet Swain, Ivy Thurston, Marie Lang, June 9, Marie Nuppula, chairman, Dorothy Lang, Anne Fox, Unfred Tucker; July 21, Country Church Summer Sale; Aug. 11, Dorothy Campbell, chairman, Dorothy Greenlow, Beverly Swan, Dolly Jones; Sept. 8, Marion Bodwell, chairman, Minnie Akers, Beatrice Dresser, Gertrude Percival; Oct. 13, Birthday Supper; Nov. 11, Coun- try Church Christmas Sale; Dec. 8, volunteers are needed for the De- cember Food Sale.

Ladies Aid Church Fair Com- mittee for 1979: Greens Table, Bet- sy Miker, chairman, Jean Dunning,

Jerry Marston, Gertrude Percival, Roberta Learned, Virginia Daigle, Frances Poor; Hand Crafts Table, Marie Nuppula, chairman, Louise Hall, Beatrice Dresser, Florence Mills, Alma Fox, Marie Lang; Ap- ron Table, Alma Hewey, chairman, Thelma Clark, Minnie Akers, Ivy Thurston, Bertha Summerton, Dol- ly Jones; Toy Table, Evelyn Bell, chairman, Marion Bodwell, Mar- garet Learned, Lucy Arnold, Mary Learned, Unfred Tucker; Knitting Table, Dorothy Campbell and Do- rothy Greenlow, co-chairmen, Do- rothy Lang, Dora Morton, Joseph- ine Poor; Quilts, Marion Bodwell, chairman, Madeline Wentzell, Al- ma Hewey, Thelma Clark; Trash and Treasure Table, Marie Lang, chairman; Luncheon, Madeline Went- zell, Anne Fox, Evelyn Wuori, Dol- ly Jones; Food Table, summer chairman, Audrey Akers, winter chairman, Trudy Miker, Laura Learned, Florence Sidelinger; Publicity and Decorations, Betsey Miker, Evelyn Bell, Anne Fox, Dolly Jones.

Rev. David Wuori had as his to- pic for his sermon Jan. 14, "Hear- ing What You Listen For." Wed- nesday Church School meets at 6:30 p. m. The annual meeting was scheduled for Jan. 15. Coffee and light refreshments were to be served by the Ladies Aid.

On Jan. 12, Mrs. Anne Fox was hostess to the Andover Friday Club and Judy Richardson was co-hos- tess. The business meeting was cancelled. President Thelma Clark introduced past Selectperson Har- old Falkenham. His topic was the history of Town Government. On Nov. 21, 1920 "The Mayflower" landed at Plymouth Rock with 122 aboard and 99 landed. The May- flower Compact was signed by 41 members. The Pilgrims initiated the democratic form of government in the Congregational Church. John Carver was the first governor of Plymouth. Town meeting is the purist form of government. In early days Andover was a plantation with government similar to today's. People serving received grants of land as pay as did the army men. Andover incorporated as a town of East Andover in 1804. The name was changed to Andover in 1820. The talk was followed by a ques- tion and answer period.

Mrs. Marie Lang read a list of articles received for the town history. Dick Johnston conferred with Mrs. Lang on the history of An- dover. Florence Hall circulated many pictures of olden times. President Clark announced that Andover Friday Club will enter- tain the Oxford County Literary Guild on Tuesday, May 15, and ad- vised members to be thinking ab- out it. Next meeting will be Feb. 9 at the home of Thelma Clark. Re- freshments were served by hostess and co-hostess, Anne Fox and Judy Richardson.

The Calvary Congregational Church held its quarterly business meeting on Jan. 10. After a short message from Pastor Strout, re- ports were given by the clerk and treasurer. Several items were ap- proved for improvement of the church building.

The newly formed Youth Group met for the first time on Jan. 7 at the Church. Games were en- joyed and a short message on the "Love of God" was given by Mrs. Mary Stinson. The same group met at Mrs. Stinson's on Jan. 9 for a spaghetti supper and made plans for future Youth Group meetings.

## MORE LABELS ARE NEEDED

With seven weeks to go, the children at the Ethel Bisbee School are almost halfway to their goal of 15,850 labels. They now have 7,500 labels from Campbell products.

Any size label from Campbell soups, pork and beans, V-8 juice and Franco American products are needed.

The children are participating in the Campbell's Labels for Edu- cation program. They are collect- ing for three sets of The Wonder Starters Library, a soccer kickback goal, eight playground balls, and an activity library (\$158.50 value).

Mrs. Gould's grade 1 class won the weekly contest with 390 labels (Jan. 12).

Remember, send the labels to EBS with any student. You may wish to use the handy collection boxes at the following locations: Bethel IGA, Bethel Savings Bank, Bethel Post Office, Prim's Rexall Drug Store, Hathaway's Country Store (Locke Mills), Crescent Park School, Telstar Regional High School, Gilead Store, Casco Bank, Newton-Tebbets, and Eskco.

You can also send them to Mrs. Caroline Gould (EBS chairman), Mrs. Pat Anderson or Mrs. Laurel Davis (parent helpers).

Feb. 23 is the deadline. Help the children—keep the labels coming in. Thank you.

## Bryant Pond

—Mrs. Alice F. Hoyt, Corres.—

Sunday, Jan. 21, Rev. and Mrs. Allan Brough, directors of Hos- pital Chaplaincy Service, will be guests at the Bryant Pond Baptist Church. Sunday, Jan. 28, guest speakers will be Marvin and Mary (Gibbert) Poarch (New Tribes Mis- sion).

The Daughters of the Home of Alice Hoyt, Monday, Jan. 22, for their inspection and 6 p. m. supper.

Jefferson Chapter #89 will meet on Jan. 24 for their regular meet- ing.

Obligation night will be observ- ed at Jefferson Chapter #89 OES on Jan. 24. Refreshments will be served by the male members.

The following officers were elect- ed: President, Jamie Shields; Vice President, Penny Meisner; Secre- tary, Patti Richard; Treasurer, Di- ana Wells; Assistant Treasurer, Jennifer Hutchins. A calendar will be made and put in the church listing the activities for the next two months. The big event for the month is a sliding party on Jan. 27. A Valentine Party is being plan- ned for February. At each meet- ing the youth will lead with games, singing and a message. On Jan. 14, Patti Richards had the message on "Witnessing." Penny Meisner and Jennifer Hutchins had the games. Refreshments were served. Several new members at- tended. All youth and adults are welcome. The Youth Group is look- ing for old skate boards or roller skates as a project.

Next week there will be a guest speaker, Pastor Charles Hibbard of the American Missionary Fel- lowship. Pastor Hibbard has been here before. He will also speak at the 7 p. m. service.

## Greenwood City

—Mrs. Silista Morgan, Corres.—

The silent cold crept in last night so this morning (Friday) the thermometers outside registered eighteen below zero. I went out to the bird feeders exhaling shining little clouds of vapor.

In the gray light of early dawn, each day, the bluejays circle the yard, alight in the bare trees then come down to feed on the cracked corn, matching wits with the three red squirrels ready to fight for their share. The jays usually de- scend in twos and threes, then more until their blue bodies fuse into a shifting, unstable carpet over the board on which they feed. As soon as they settle they begin snatching up food with rapid, pistonlike movements, head up-and- down. There is no sharing or mov- ing away from the banquet. Each tries to get all he can and as the food lessens they cram faster. They bring color to their surround- ings at this "dead of winter" time but how much more dead it would be without the nut-hatches, wood- peckers, chickadees, sparrows, jays and squirrels.

By afternoon the temperature had risen. Cloud shadows marched across the pond but at most times bright sunshine. So I directed my steps toward my boat landing and on to the pond for the first time this winter. I chose a snowmobile trail and went up pond.

The snow lay in cold ghastly shade along the banks, warmed in places by the light reflected by the sun.

Overset Mountain was deeply de- fined against the violet sky and the rolling hills green with spruces, firs, or pines while the bushes were all snow sprinkled.

The air was keen and challeng- ing, just right for vigorous exer- cising. It was a beautiful world and a delight to be tramping in it.

Well up pond I viewed the cat- tail bed which looked rather wind swept. To the left were the low bushes and a more protected area. It was a dazzling winter landscape, still wearing the coat of ice from the last rain and snow. The coat- ing was so fragile that every line- ment of every object stood out from every other object, defined, highlighted lace. The swamp had become a treasure cave reflecting beauty from this ice-encased world. Every twig, every blade of grass wore jewels, crystals or diamonds. I felt that the world is all right, all the quarrels and discontent are among men.

I chose a trail between the two and proceeded toward a field. Very shortly there were three trails. I chose the left one down toward Sanborn River. There was a grad-

—Mrs. R. M. Fleet, Corres.—

Some of the Lemmings are at their place.

Jeffrey Fleet is not working at the ski-way nights.

Another snow this week end sure keeps us well covered.

Jeffrey Fleet was away part of the week end.

The birds are having a hard- time to find food with all the snow and ice.

Wish I could find more news.

ual slope and then my road chang- ed at once into grade. It was an open avenue, a thicket of borders of young pine trees woven close to the right and to the left. The swamp bushes they were dressed in ice. With the sun beyond them they were all atwinkle, so that the lane before me was one vista of shine and dazzle. Numerous tracks of rabbits were everywhere. The top of every small pine was a fluff of cotton. They stood in straight formation all down the "avenue"; rigid because of their dress, like double lines of soldiers.

The wind which blew from over the heights beyond, was the voice of the wilderness. It was such a fairyland that I had to share its beauty, so I hastened to the farm to tell Ray to come. She did. So I again took the trail to show her the land of wonder.

We both took pictures which in no way can really record what we actually saw. It was as though the trees had made some secret pre- paration and waited for us to get by.

Back on the pond again she went across and I went down pond.

The air was clean and clear with very little breeze, now, the tem- perature about 18 above zero. To- night promises another grip of cold. Nearly a full moon, too. When it rises in the brittle eastern sky, round as a medallion, bright, with no warmth it fills one with awe and wonder. But who doesn't enjoy it?

The ice fishermen have been busy on the pond this week. They seem to have fun but I don't know how many fish they are catching.

Mr. and Mrs. Frank Curtis had for callers this week: Mabel Old- ham, Florence Lowe, from Welch- ville; Ray Curtis, Betty and Teresa

## "DAY IN LIFE OF UNIVERSITY" AT U.M.O., FEB. 20-21-22

A panoramic view of a university in action will be open to high school students and their parents at the University of Maine at Orono Feb. 20, 21 and 22 in a program planned by the admissions office, assisted by UMO student guides.

"A Day in the Life of a University, or See the University in Action" is planned during the public school mid-winter vacation to give families and their high school-age students a chance to see a normal day in the life of a university. No special events have been scheduled, except for tours which will leave from the admissions office, but classrooms, athletic and music practice sessions, and other activities normally planned for the three days will all be open to visitors.

The admissions office, where everything starts, financial aid representatives, and career planning and placement services will all be available to discuss any questions. Visitors are invited to visit the admissions office whenever they arrive on campus where maps, tours and details of all activities will be available. No pre-registration is necessary.

In addition to the regularly scheduled classes, visits to dormitory or athletic facilities, other points of interest include anthropology museum, Craft Center, Computer Center, and Witter Animal Science Center. An International Student Fair will be taking place Feb. 20 in Memorial Union and Carnegie Hall will have a number of art exhibitions including the annual Faculty Art Exhibit and the Artists of Maine Gallery.

The School of Performing Arts' 20th Century Ensemble will be rehearsing from 3 to 5 p. m. Feb. 20 and 22, and the UMO Band will have an open practice session Feb. 21 from 3 to 5 p. m.

Baseball, indoor track, basketball, hockey, wrestling and swimming teams will be having practice sessions during the three days, and the Bowdoin College men's swim and wrestling teams will be on campus Feb. 20 at 3:30 p. m. for meets with the UMO teams. The State High School Boys' Track Meet is scheduled Feb. 21, and the women's volleyball and basketball teams will be playing Boston College with game times at 1:30 and 7:30 p. m., respectively. Dining halls will be open for lunch at a modest fee all three days.

## DON'T USE EMERGENCY NUMBERS WHEN CHECKING ROAD CONDITIONS

The Maine State Police ask citizens to refrain from using emergency toll free telephone numbers when checking winter road conditions.

"We would like to keep the emergency lines clear for those citizens who have a police emergency situation—such as, reporting a traffic accident, a crime in progress or information about a crime committed," said Colonel Allan H. Weeks, Chief of the Maine State Police.

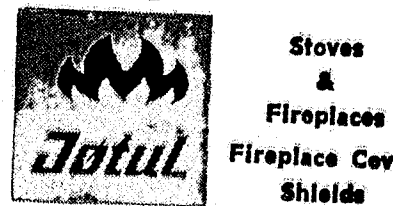

Citizens calling the Maine State Police for information on winter road conditions are urged to use the Troop barracks' regular listed number, said Col. Weeks.

In addition, said the Maine State Police Chief, citizens can receive information on winter road conditions by calling one of the Maine Department of Transportation (MDOT) Bureau of Highways division offices, listed in the telephone book or on MDOT's free Maine transportation map.

The Maine Automobile Association has a telephone number, 774-6384, that citizens can call as early as 6:15 a. m. for Maine and New England winter road condition reports.

Due to illness the FRI., SAT. & SUN. Soup Tureen will not be open this week. Our apologies for closing last week end. Across from The Cellar Broad St. Bethel

## Mt. Abram Ski Patrol is Number One

Everyone wants to be number one sometime at something.

High school students rant we're number one, businesses rave we're number one and Yankee fans rant and rave we're number one.

Gary "Butch" Fuller doesn't rant and rave at all. But the fact is that the Mt. Abram ski patrol is number one. They were chosen number one in the East by the National Ski Patrol System and received honorable mention in the national designation.

Fuller is the director of the Mt. Abram ski patrol. He has seen both the ski patrol and the mountain itself develop since Mt. Abram began operating 15 years ago. This is Fuller's fifth year as the patrol leader. He's proud of the group of patrolmen at Mt. Abram. And with reason.

"Everybody is wrapped up in it," he said. Recently there was a fall forum at Swan Lake, New York. All 28 members of last year's patrol and many wives or friends chartered a bus and went to the outing as a group. "We were the only big group there," said Oscar Hartford, a 12-year veteran of the Mt. Abram ski patrol. "We encourage one another," Hartford said, "the patrolers' wives and husbands are active in assisting, too."

Hartford praised Fuller for the high caliber patrolman he has enlisted at Mt. Abram. They all have many credits which justify Fuller's choice.

Seven members of the patrol last year are first aid instructors. Five are national appointees, a select group of National members. Hartford was the Maine safety advisor for the National Ski Patrol. Bud Howe of Bethel is the first aid advisor. Bill Dobson of Portland is the regional director and Bill Sawyer of South Portland is the lift evacuation representative. And two members of Mt. Abram's patrol are on the state tramway board.

The patrol members' activities for Maine under the auspices of the National organization play an integral role in their being named the number one patrol in the East.

Mt. Abram has five members of the National organization who have received senior status, merited only by proficient service.

Fourteen members recently attended a basic mountaineering and cold weather survival course at Lost Valley. In the spring, a 3-day follow-up course will be held. Fuller expects the same 14 to attend. "Mt. Abram is always represented by 12 or more," he said.

The patrol is made up of people from all areas, interests and professions. Fuller said he has insurance agents, draftsmen, construction workers, secretaries, nurses, mill workers, students, housewives, real estate agents and others on

the patrol. "It gives them the opportunity to do something enjoyable and useful," he said. "And many enjoy the chance to use their first aid knowledge," he added.

Members from the greater Rumford area include Alan Hamilton and his 19-year-old son, Jeff. Louise Dupris, who now resides in Portland, and Huguette Davis.

Jeff Hamilton is the only junior eastern member of the National Ski Patrol System to have been awarded the Purple Merit Star and he also was awarded the National Red Cross Presidential Life Saving Citation in recognition of his life-saving efforts.

Fuller once aided in a rescue of a body that had been discovered in a 50-foot crevasse. He employed his lift-evacuation techniques and equipment to aid the rangers.

Members of the patrol often give talks to groups interested in safety, first aid or skiing. "It's something we enjoy doing," he said. They also train the local fire department in lift evacuation in case of an emergency.

The Mt. Abram patrol is unlike other patrols in other ways, too. When they realized their rescue toboggans were obsolete they went out on their own and raised the necessary funds to properly outfit the mountain. "Other patrols would request the supplies from

"MEETING HOUSE" PAINTING ON DISPLAY AT LIBRARY—Mrs. Virginia Keniston, Librarian, is shown admiring a painting of the Middle Intervale Meeting House, which is on display at the Bethel Public Library. It was painted by Henry Marcel Bakula in the fall of 1978. The painting is for sale and a portion of the selling price will be donated to the Middle Intervale Meeting House Society. Anyone interested in purchase of the painting may contact Bill Conary, Gilead, 836-3542.

the mountain, and if they could not supply the money, they'd do without," Fuller said. The Mt. Abram patrol raised \$1,500 for five modern rescue carrier toboggans.

"We do things for ourselves," he said. They built a ski patrol hut at the summit of the mountain, they are building an addition to their base shelter for storage and they are willing to do anything that will keep them number one, it seems.

But it's not being number one patrol that interests the members. It's caring for what they do, it's caring for others that keeps them so active.

After all, like Hartford said, the members of the ski patrol could purchase a season's pass to Mt. Abram for less than they give in hours, travel expense and dedication.

## Locke Mills

Mrs. John Mills, Corres.—The Locke Mills Union Church annual meeting scheduled for Jan. 14 had to be postponed due to travel conditions and has been rescheduled for Jan. 21.

The Cub Scouts will hold a bottle drive on Saturday, Jan. 27. They will be going house-to-house in the village area. Any returnable bottles or cans you would like to donate would be appreciated. For any more information you can call 875-3426.

Mrs. Robert Curtis was presented with three sunshine boxes upon her return home from the hospital, one each from the Locke Mills Ladies' Circle, the Cub Scouts, Mary Stone, Marion Swan and Bertha Flanders. The birthday cake for the month was made by Rowena Dunham. Rev. Wuori will be leading devotions for the year. Fifteen members were present.

Miss Jane Hathaway, daughter of Mr. and Mrs. Ellsworth Hathaway, has been named to the Dean's List for the first semester at Burdett College, Boston.

Gary Dunham, son of Herbert Dunham, of Rowe Hill, Greenwald, and Sandra Morgan of Glen Falls, N. H., received the following ranks at the close of the first semester of his freshman year at Bates College: Archaeology, high honors; European history, high honors; Medieval history, honors; and Art history, pass. Gary plans to major in Archaeology and history.

Harold Bonney, West Paris, visited one day last week at the home of Mr. and Mrs. Norwood Ford.

Marion Jordan celebrated her 80th birthday, Jan. 5. For dinner she had Mr. and Mrs. Robert Jor-

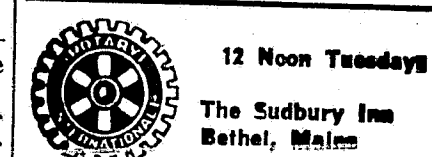

dan and two month old, Rebecca, and Mrs. Bertha Flanders as guests. Mrs. Robert Jordan made the birthday cake, put 80 candles on it, and Marion blew them all out in two puffs. After dinner Mr. and Mrs. Harry Swan, Sr., Mr. and Mrs. Charles Smith, Mr. and Mrs. Henry Swan and son, Robert, and Mr. and Mrs. Warren Smith called. She had gifts of money, fruit and miscellaneous items.

The Ladies Circle met Wednesday afternoon. New officers for 1979 are: President, Bertha Flanders; Vice President, Marion Swan; Secretary, Lora Noyes; Treasurer, Mary Stone; Sunshine chairman, Mary Mills; Publicity, Dora Ford; Social committee, Dora Ford, Mary Stone, Marion Swan and Bertha Flanders. The birthday cake for the month was made by Rowena Dunham. Rev. Wuori will be leading devotions for the year. Fifteen members were present.

Miss Jane Hathaway, daughter of Mr. and Mrs. Ellsworth Hathaway, has been named to the Dean's List for the first semester at Burdett College, Boston.

BORN—In Norway, Jan. 14, to Mr. and Mrs. David Luxton of West Bethel, a son, Wade Donald.

MARRIED—In Bethel, Dec. 31, 1978, by Rev. Edward Gammon, Gordon Dexter Crockett and Aline Carmen Stowell.

## From the Bethel Selectmen to Recommendation Not to Leave

The Board of Selectmen Monday evening, Jan. 22, and on a variety of agenda items. At 7 o'clock a public hearing proposed uses of Federal Rev. Sharing Funds was held. No ten or oral citizen comments received.

The Board reviewed correspondence from the Rumford County Hospital requesting that article be placed in the way for Annual Town Meeting to appropriate funds to cover residual debts incurred by residents of Bethel. After discussion, it decided not to place an article on the warrant.

Upon the recommendation of the Town Manager, the Board authorized repayment of a loan of the Dept. of Housing and Urban Development in the amount of \$3,238.11. This loan was taken the Town in 1967 for advance planning work and was to be repaid after construction work completed.

The Selectmen, upon the recommendation of the Library Trust, voted to nominate Stanley H. as a delegate to the Maine House Conference on Libraries, to be held April 17-19 in Augusta. A letter was read from Oxford County Community Services asking if the town had any abandoned buildings to be torn down as they would be interested in demolishing them for reusable lumber. The used for their home weatherization project. The Board directed the manager to reply indicating that if any buildings became available, they would be notified.

## Rotary Club Hears Progress Report on Health Center

The Bethel Health Coordinator Shirley Powell, told the Bethel Rotary Club that in the Health Center's first few days of operation, the center received more patients than had been expected in the first full month. Powell so reported that a resident family practitioner had been signed and should be in Bethel by August. The doctor involved has a 10-year commitment to remain in Bethel due to an obligation to the Federal government.

The significant element of the first full time doctor's role in the area's health program will be orientation on the Bethel Health Center rather than on a Rumford or Norway hospital. According to Powell, the center's existing planned equipment inventory, well above the level a doctor normal maintains, should prove to be a key incentive for holding a resident physician in Bethel. Moreover, this situation can be sustained due to acceptance of the Bethel center by the National Health Service Corps. Through the NHS salary support and start-up equipment funding is available during the critical phase of getting the center established as a local, rural medical facility.

One thought could be resolved by getting Rotary to help is to get the message across that the two currently participating physicians, Dr. Whitney and Dr. Bauer, are not
